

You'll Never Think of Plastic Surgery in the Same Way Again

A behind-the-scenes look into the life of a Turkish immigrant turned successful and beloved plastic surgeon

Confessions of a Plastic Surgeon: Shocking Stories About Butts, Boobs, and Beauty

Get ready to have your world rocked!

You are about to enter the wild and wonderful world of one of San Antonio's most outrageous, respected and beloved board-certified plastic surgeons. In his upcoming book, *Confessions of a Plastic Surgeon: Shocking Stories about Butts, Boobs, and Beauty*, "Dr. J." takes readers behind the scenes of his successful plastic surgery practice and tells ALL, especially the "stuff" nobody tells medical school residents when they decide to go into plastic surgery.

Not only does Dr. Jeneby invite readers into his busy practice, but he also "virtually" invites them into the operating room where he has embraced the cutting-edge marketing phenomenon of "live sharing" his surgeries on social media, in the form of Facebook Lives, Snapchat, and Instagram Stories.

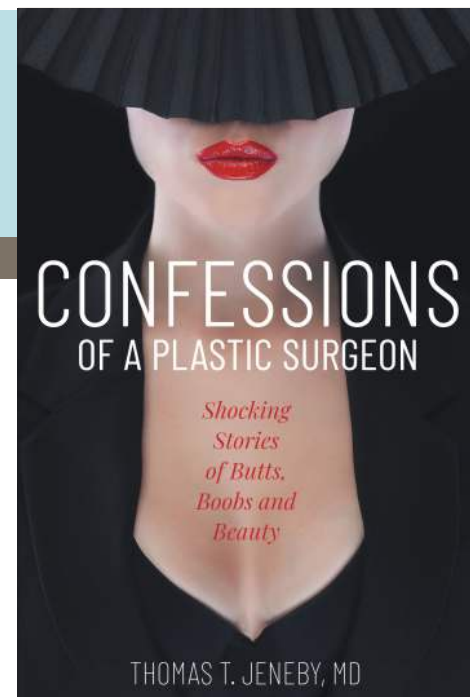

In the book, readers can follow Dr. Jeneby...

- from the sanctuary of his on-site operating room doing a pre-dawn breast augmentation with his signature adjustable or "gummy bear" implants,
- to his fast-paced consults where he sizes up a potential patient's mental health because he's not just going to give someone what they want until he's convinced that the patient understands exactly what he/she is getting into; (Guys, you may think you want a penis enlargement, but maybe you really just need a little affirmation),
- through the moment-by-moment maze of managing his women-only staff,
- back to his roots, his family, and how he got to be where he is today...and so much more!
- You'll also hear from some of his raving fans, as well as victims of domestic abuse, both of whose lives have been transformed because of Dr. Jeneby's expertise.

ABOUT THE AUTHOR

CREDENTIALS: Dr. Thomas Jeneby is a board-certified plastic surgeon in San Antonio, Texas. He has been in practice since 2002 and has held the position as President of the San Antonio Society of Plastic Surgeons since 2016. In recognition of his performance as one of the most competent cosmetic surgeons in San Antonio, Dr. Jeneby was honored by being appointed a Diplomat of the American Board of Plastic Surgery in 2003. He recertified in 2012 and was president of the San Antonio Plastic Surgeon Society 2016-2018 . He has been featured as San Antonio's "Best of" since 2007 and operates in his prestigious Joint Commission Accredited Operating Room. He currently holds state medical board licenses in Texas, Arkansas, California, Pennsylvania, and Florida. Dr. Jeneby obtained his medical degree from the Medical College of Virginia (Virginia Commonwealth University) in Richmond, Virginia where he graduated in the Top 10% of his class and was Honor Society President (AOA).

ENOUGH WITH THE FORMALITIES, Dr. Jeneby is an eccentric, joke-telling, long-haired, outspoken, attention-grabbing clothes- and cowboy boot-wearing, son of Turkish immigrants. He does many of his cosmetic surgeries live on Facebook, Instagram and Snapchat, with very small pieces of tape covering up anything that would make the videos “inappropriate.” He curses, he jokes, and he's a hell of a surgeon.

AND HE HAS A COMPASSIONATE HEART. Each month, Dr. Jeneby donates funding and surgical expertise to the Family Violence Prevention Services, Inc. in San Antonio, in the form of free reconstructive surgery to battered women, and to The Wounded Warrior Project to help injured and disfigured soldiers. A portion of the proceeds from his book will go toward these charities.

Dr. Jeneby has been featured in Newsweek, Cosmopolitan, S.A. Scene in the “Best Plastic Surgeons” issue, as well as multiple appearances on local and national shows such as Inside Edition.
